To Whom It May Concern:

Re: Church & Dwight Co., Inc. Sodium Bicarbonate USP FCC, and Food Grade Blends Gluten Content

Church & Dwight Co., Inc. is pleased to advise that all grades of Sodium Bicarbonate USP and Sodium Bicarbonate blends it produces at the Old Fort and Green River facilities are completely inorganic.

Gluten is not used in the manufacture of sodium bicarbonate or its blends.

The dedicated equipment used in manufacturing, storage and packing is closed and no opportunity exists for cross-contamination with plant or animal products.

Feel free to contact me with any questions.

Regards,

Michelle Maddox
