To Whom It May Concern:

Re: Arm & Hammer™ Church & Dwight Co., Inc. Sodium Bicarbonate –Heavy Metals/Elemental Impurities

To Whom It May Concern:

Church & Dwight Co., Inc. is pleased to advise that for all grades of Arm & Hammer™ Sodium Bicarbonate USP, each lot is tested for Elemental Impurities/Heavy Metals.

The Elemental Impurities include the following Heavy Metals measured by ICP:

- Cadmium: Not more than 0.3 µg/g
- Lead: Not more than 0.3 µg/g
- Arsenic: Not more than 0.9 µg/g
- Mercury: Not more than 1 µg/g

Full list of Elemental Impurities for Arm & Hammer™ Sodium Bicarbonate USP can be found at <https://www.ahperformance.com/products/media/elemental-impurities/>.
