To Whom It May Concern:

Re: Arm & Hammer™ Sodium Bicarbonates - Phthalates

Please be advised that Church & Dwight Co. Inc. Sodium Bicarbonate is made from sodium carbonate, water, and carbon dioxide -all sourced from suppliers in the United States.

Phthalates of any kind including:

di (2-ethylhexyl) phthalate (DEHP)
dioctyl phthalate (DOP)
diisononyl phthalate (DINP)

are not used in the manufacture of Church & Dwight Co., Inc. Sodium Bicarbonate products and are not known or expected contaminants

Feel free to contact me with any questions.
