To Whom It May Concern:

Re: Church & Dwight Co., Inc. - BASF Sodium Sulfite and Sodium Metabisulfite - Gluten Content

Church & Dwight Co., Inc. is pleased to advise that BASF Sodium Sulfite and Sodium Metabisulfite are completely inorganic.

Gluten is not used in the manufacture of Sodium Sulfite and Sodium Metabisulfite.

The dedicated equipment used in manufacturing, storage and packing is closed and no opportunity exists for cross-contamination with plant or animal products.

Feel free to contact me with any questions.
